Questionnaire for Ms. Aurora Stanescu

Q8: Which of these activities do you believe it should have had many strings of time?

Partners' meetings and discussions with the manager;,
Discussions with the evaluator;

Q9: Have you had any difficulty in writing the activities' reports?

No

Q10: What do you believe that would be helpful for the reporting task?

I think that it would be useful if we could have a common worksheet containing the explanation of the indices that the external evaluator should take into consideration for the final report. Maybe an auto evaluation from the part of each partner would be useful too for the external evaluator.
